DRAFT DAY PLANS

In the last newsletter, I failed to mention that Gary Plunkitt and Frank Papp are planning on excursion to an Indianapolis Indians baseball game on the night of Saturday July 17, 1993. Gary and Frank are hoping that all who are attending the draft in person will also be able to join them in watching the Indians and the Omaha Royals do battle. Frank says that he enjoys watching minor league baseball because, "It reminds me of the way baseball was played in the 50's and 60's".

If you are interested in attending this ball game please contact Gary Plunkitt. Gary will purchase the tickets in advance and coordinate the travel arrangements to and from Bush Stadium in downtown Indianapolis.

So once again, if you wish to be included in this road trip, contact Gary. It should be a great way to end our first rookie draft!

ON THE TRADE BLOCK

As a stimulus to trade talks, the following column will appear in each newsletter until the rosters are once again frozen. Hopefully, this will give everyone the opportunity to find out who may be available for trade and save on some of the phone bill expenses. All you need to do to have your trade offer appear is to let me know what it is. I'll print it in the next available newsletter.

WIND: (Mike Cascarano) Would like to deal Stan Musial for a high first round 1955 draft choice.

DUCKS: (Jeff Nicholson) Are interested in swapping Ted Kluszewski.

Remember that no trade will be officially announced until both managers have paid their dues for the 1955 season and both managers have reported the trade in writing to the league office. May all your deals be prosperous!

NEW ADDRESS LIST

Please note new addresses for Rick Ryan and Lou Ross. Lou's new address will be effective on May 1, 1993. However, as of this newsletter his new phone number has yet to be assigned.
