DAYTON, OHIO 45424

BETTER LATE THAN NEVER: I apologize for the delay in both this newsletter and the stats disk reaching you. Unfortunately, some hardware incompatibilities rendered 2 series disks useless and those series had to be replayed. The good news is that we have discovered a fix which will prevent that situation from reoccurring. However, I understand that at least one other disk problem has occurred so remember to back up all your games to both a floppy and your hard drive.

JOHN'S PLAYER/TEAM OF THE MONTH: Statistician John Turnbull will name a player, pitcher and team of the month based upon the monthly series performance. For December, the winners are BOBBY AVILA, HARRY BYRD, and the MINORS.

REMEMBER TO BACK UP YOUR SERIES DISKS!!!
